Tata Motors Showcases Next-Generation Passenger Mobility Solutions at Prawaas 5.0, Launches New Ultra Prime and Starbus Prime Range

- *Unveils the LPO 1620 CNG, Ultra Prime LPO 412 and Ultra Skool 9/9 EV for safe and sustainable passenger transportation*
- *Showcases the Magic EV, electrifying India's most preferred last-mile passenger mobility platform*
- *Presents a comprehensive portfolio of intercity, intracity and institutional mobility solutions*

Gandhinagar, 9 July 2026: Tata Motors, India's largest commercial vehicle manufacturer, today showcased its most advanced portfolio of commercial passenger mobility solutions at Prawaas 5.0, headlined by the launch of the all-new Tata Ultra Prime and Tata Starbus Prime range of buses. Designed to deliver superior comfort, enhanced safety and higher operational efficiency, the new-generation buses underscore the company's commitment to shaping the future of passenger transportation across India.

The company also presented a comprehensive range of mobility solutions spanning multiple applications and powertrains, including the LPO 1620 CNG, Ultra Prime LPO 412, Ultra Skool 9/9 EV, Magic EV, Winger Plus and Ultra Prime RE Concept. Together, the portfolio reflects Tata Motors' focus on delivering safe, sustainable and customer-centric mobility solutions for urban, intercity and institutional transport.

Commenting at the event, **Mr. Anand S, Vice President and Business Head – Commercial Passenger Vehicles, Tata Motors Ltd.**, said, *"Prawaas has been an important platform for us to engage with fleet operators and industry stakeholders, and gain deeper insights into how passenger transportation needs are evolving across the country. The showcase this year reflects our deep understanding of customer needs across applications, be it employee transport, leisure travel, school transport or last-mile connectivity. With lower operating costs of the LPO 1620 CNG, enhanced safety and comfort of the new Ultra Prime range, and the expansion of electric mobility through the Ultra Skool 9/9 EV and Magic EV, each solution has been engineered to address a specific customer requirement. Backed by our extensive service network and support ecosystem, these offerings help customers maximise uptime, improve operating economics and deliver a superior travel experience, enabling them to grow their businesses profitably."*

At Prawaas 5.0, Tata Motors presented one of the industry's most comprehensive passenger mobility portfolios, spanning conventional and electric powertrains across school, staff, tourism, intercity, intracity and last-mile transportation applications. Key highlights include:

Highlights from Tata Motors' Passenger Mobility Portfolio at Prawaas 5.0

Tata Ultra Prime & Tata Starbus Prime

- New-generation bus ranges for school, staff and tourism applications with refreshed styling and enhanced interiors
- Improved ride quality, superior passenger comfort and lower NVH levels for a smoother travel experience
- Equipped with 29 advanced safety features, including Driver Monitoring System, 360-degree camera, ITS and RPAS

PRESS RELEASE
