**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF**  
**TATA PRECISION INDUSTRIES PRIVATE LIMITED**  
(Incorporated in the Republic of Singapore)

We have audited the accompanying financial statements of **TATA PRECISION INDUSTRIES PRIVATE LIMITED** set out on pages 4 to 14 which comprise the statement of financial position as at 31 March 2016, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and a summary of significant accounting policies and other explanatory notes.

**MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

**AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**OPINION**

In our opinion, the financial statements are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Company as at 31 March 2016 and the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

**REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

## NOTES TO THE ACCOUNTS - 31 MARCH 2016

### 1 SIGNIFICANT ACCOUNTING POLICIES

#### a. Basis of Accounting

The accounts expressed in Singapore dollars which is the Company's functional currency, have been prepared under the historical cost convention (except as disclosed in the accounting policies below) and in accordance with Singapore Financial Reporting Standards (FRS) as required by the Companies Act.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. There are no significant judgements made in the presentations of the financial statements.

In the current financial year, the Company has adopted all the new and revised FRS and Interpretations of FRS ("INT FRS") issued by the Accounting Standards Council that are relevant to its operations and effective for the current financial year

The adoption of these new/revised FRSs has no material effect on the financial statements.

#### b. New Standards and Interpretations Not Yet Adopted

New standards, amendments to standards and interpretations that are not yet effective for the year ended 31 March 2016 have not been applied in preparing these financial statements. None of these are expected to have a significant impact on the financial statements of the Company.

#### c. Investments

Investments held by the Company are classified as being available-for-sale are stated at fair value, with any resultant gain or loss being recognised directly in equity. When these investments are derecognised, the cumulative gain or loss previously recognised directly in equity is recognised in profit or loss.

The fair value of these investments classified as available-for-sale is determined based on the quoted bid price in an active market at the statement of financial position date. If a quoted market price is not available, the fair value of the instrument is estimated using valuation technique, which includes recent arm's length prices, pricing models or discounted cash flow analysis.

#### d. Financial Assets

##### (i) Classification

The Company classifies its financial assets according to the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this designation at every reporting date. The Company's financial assets are loans and receivables/financial assets at fair value through profit or loss and available-for-sale financial assets.

### 1 SIGNIFICANT ACCOUNTING POLICIES – (Cont'd)

#### d. Financial Assets – (Cont'd)

##### (i) Classification – (Cont'd)

- Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those maturing later than 12 months after the statement of financial position date which are presented as non-current assets.

Loans and receivables include 'bank and cash balances', and other debtors' excluding prepayment.

- Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that include equity investments. After initial recognition, available-for-sale financial assets are measured at fair value. Any gains or losses from changes in fair value of the financial asset are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

The fair value of investments that are actively traded in organised financial markets is determined by reference to the relevant Exchange's quoted market bid prices at the close of business on the statement of financial position date. Investments on unquoted equity investments whose fair value cannot be reliably measured are measured at cost less impairment losses.

- The Company does not have any held-to maturity financial assets.

##### (ii) Recognition and derecognition

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the net sale proceeds and its carrying amount is recognised in profit or loss. Any amount in the fair value reserve relating to that asset is also transferred to profit or loss.

## NOTES TO THE ACCOUNTS - 31 MARCH 2016

### 1 SIGNIFICANT ACCOUNTING POLICIES – (Cont'd)

#### d. Financial Assets – (Cont'd)

##### (iii) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value. Transaction costs for financial assets at fair value through profit or loss are recognised as expenses.

##### (iv) Subsequent measurement

Loans and receivables are carried at amortised cost using the effective interest method.

Interest income on financial assets is recognised separately in profit or loss.

##### (v) Impairment of Assets

The carrying amounts of the Company's assets are reviewed at each statement of financial position date to determine whether there is any indication of any impairment. If any such indication exists, the asset's recoverable amount is estimated. All impairment losses are recognised in profit or loss whenever the carrying amount of an asset of its cash-operating unit exceeds its recoverable amount.

An impairment loss is only reversed to the extent the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. All reversals of impairment losses are recognised in profit or loss.

#### e. Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank which are subject to an insignificant risk of changes in value. Cash equivalents are stated at amounts at which they are convertible into cash.

#### f. Financial Liabilities

Financial liabilities include trade payables and other amounts payable. Financial liabilities are recognised on the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially recognised at fair value of consideration received less directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process. The liabilities are derecognised when the obligation under the liability is discharged, cancelled or expired.

#### g. Provision

Provisions are recognised when the Company has a present obligation (legal or constructive) where, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

### 1 SIGNIFICANT ACCOUNTING POLICIES – (Cont'd)

#### h. Foreign Currencies Transactions

Transactions in foreign currencies are measured in Singapore dollars and recorded at exchange rates approximately those ruling at the transaction dates. Foreign currency monetary assets and liabilities are measured using the exchange rates ruling at statement of financial position date. Non-monetary assets and liabilities are measured using the exchange rates ruling at the transaction dates or, in the case of items carried at fair value, the exchange rates that existed when the values were determined. All resultant exchange differences are recognised in profit or loss.

#### i. Income Tax

Income tax expense is determined on the basis of tax effect accounting, using the liability method, and is applied to all temporary differences at the statement of financial position date between the carrying amounts of assets and liabilities and the amounts used for tax purposes.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

#### j. Related Parties

A party is considered to be related to the Company if:

- i) The party, directly or indirectly through one or more intermediaries,
  - controls, is controlled by, or is under common control with the Company;
  - has an interest in the Company that gives it significant influence over the Company;or
  - has joint control over the Company;
- ii) The party is an associate;
- iii) The party is a jointly-controlled entity;
- iv) The party is a member of the key management personnel of the Company;
- v) The party is a close member of the family of any individual referred to in (i) or (iv); or
- vi) The party is an entity that is controlled, jointly controlled or significantly influenced by or for which significant voting power in such entity resides with, directly or indirectly, any individual referred to in (iv) or (v).
