JLR: The quarter reflected the full impact of COVID-19 with temporary retailer and plant shutdowns for most part of the quarter. However, the transformation programme continued to gain momentum resulting in positive EBITDA despite significant volume drop in the quarter and lower cash outflow as compared to the earlier expectations. Project Charge delivered £1.2b of cost, profit, and cash flow improvements in the quarter.

TML: In India, the nationwide lockdown resulted in the production and retailer shutdowns for major part of the quarter and heavily impacted the volumes. For TML, Q1 was marked by successful transition to BSVI and a sharp increase in PV market shares to 9.5% with the "New Forever" range. Negative operating leverage impacted the performance significantly. However, cash out flows were better than earlier expectations driven by the improvement initiatives which yielded ₹1020Cr of cash savings in the quarter.

Outlook: The outlook remains uncertain for the year with infections continuing to rise and intermittent lockdowns in many countries. However, we expect a gradual recovery of demand and supply in the coming months. In this context, we are committed to significantly deleveraging the business in the coming years and aim to generate positive free cash flows over last 3 quarters of the year by focusing on better front end activations of our exciting product range, and executing our cost and cash savings with rigour.

JAGUAR LAND ROVER (JLR)

HIGHLIGHTS

- Covid-19 resulted in temporary retailer and plant shutdowns, significantly impacting sales and profits
- Retail sales of 74,067 vehicles fell 42.4% y-o-y but improved month by month through the quarter with June down 24.9%
- Revenues of £2.9b and Loss before tax of £413m, only down slightly y-o-y after £500m of Charge+ cost actions
- Chery Jaguar Land Rover JV in China achieved breakeven in the quarter
- FCF outflow of £1.5b, includes £1.1b one-time working capital unwind and is about £500m better than guidance
- Charge+ delivered £1.2b of cost and cash improvement in the quarter and Jaguar Land Rover has increased the FY21 full year target further from £1.5b to £2.5b, raising the lifetime target to £6b
- Liquidity at 30th June was £4.7b, comprising £2.75b of cash and short term investments and £1.9b undrawn credit facility

FINANCIALS

The Covid-19 pandemic continued to significantly impact the business in Q1FY21, with retail unit sales down 42.4% year-on-year. However, monthly sales improved during the quarter across all regions as economies re-opened, with June sales down 24.9%. About 98% of Jaguar Land Rover's retailers worldwide are now fully or partially open and all the company's plants have resumed manufacturing, except for the Castle Bromwich facility, which will gradually restart from 10th August.

Revenue was £2.9b in the quarter and the company made a pre-tax loss of £413m. However, this was only down £18m year-on-year and the EBITDA margin was 3.5% with £500m of Charge+ cost actions substantially offsetting the lower sales. Free cash flow was negative £1.5b, primarily reflecting a one-time working capital outflow of £1.1b. Reassuringly, the Chery Jaguar Land Rover Joint Venture in China achieved break-even profits in the quarter. Overall, these results were better than expected with total cost and cash flow improvements of £1.2b realised in the quarter from the Charge+ program. The company successfully completed about £650m of new funding and ended the quarter with solid liquidity of £4.7b including £2.75b of cash and short-term investments and £1.9b undrawn revolving credit facility.

LOOKING AHEAD

Sales of the New Land Rover Defender started to ramp up in the UK, Europe and North America with China and other markets starting from July onwards. Plug-in hybrid and the Hard-Top commercial derivatives will be available later in the year. The expected recovery in sales will also be supported by the newly revealed enhancements to the Range Rover and Range Rover Sport. These flagship vehicles are now available with special editions and a suite of upgrades, including Jaguar Land Rover's new 3.0-litre straight-six cylinder Ingenium diesel engine with Mild Hybrid Electric Vehicle technology. Both feature advanced connectivity with Apple CarPlay and Android Auto offered as standard. Passenger wellbeing has been enhanced with new Cabin Air Ionisation, which filters harmful particulates and improves interior air quality.

For the rest of FY21, Jaguar Land Rover will continue to manage costs and investment spending rigorously. After realising £1.2b of total cost and cash improvements under Charge+ in the quarter, the company has increased its target for FY21 from £1.5b to £2.5b. This brings the total Charge+ savings so far to £4.7b, with a target of £6b by the end of March 2021. While the outlook remains uncertain, we expect a gradual increase in sales, profitability and cash flow over the year. In Q2FY21, volumes may not pick up sufficiently to generate a profit, however, cash flow is expected to be positive, supported by improved working capital and continued savings. Investment spending is expected to be £2.5b for FY21.

Prof Sir Ralf Speth, JLR Chief Executive commented,

"Jaguar Land Rover has reacted with resilience and agility to the extraordinary challenges faced in the first three months of FY21 adapting rapidly to the widespread macroeconomic disruption and uncertainty. Through this period, we have continued to bring outstanding new vehicles to market, electrifying our multi-award-winning range and building the new Land Rover Defender, an icon reimagined for the digital age. As the lockdowns ease, we will emerge from the pandemic with our most advanced product range yet, and with the financial and operating measures in place to return to long-term sustainable profit. The fundamental strengths of Jaguar Land Rover have been tested in 2020, and we will pass this test to succeed in the future. Our exciting pipeline of new, advanced products places us at the forefront of our industry. We have a clear plan, a highly skilled, creative team, and unparalleled technical capabilities. I look forward to working with my successor Thierry Bolloré as Jaguar Land Rover focuses on its Destination Zero mission, and seeks to deliver the autonomous, connected, electric and shared experiences that our customers will love, for life with integrity."

FINANCIALS

The Company responded quickly to the current crisis and instituted rigorous cost and investment controls to conserve cash as much as possible and managed the supply chain nimbly to restart operations as soon as possible in May-20 while taking care to ensure the safety of our employees.

In Q1FY21 wholesales (including exports) decreased 81.5% to 25,294 units. In the domestic volumes were down by: M&HCV -92.1%, ILCV -92.1%, SCV & Pick Ups -85.4% and CV Passenger -97.2%. Domestic PV volumes were down 60.6%. Overall domestic retails were lower than wholesales by 2.5K units as pipeline inventory in CV improves.

Revenue for the quarter decreased 80% to ≤ 2.7 KCr and pre-tax loss before exceptional items was ≤ 2.141 Cr (against pre-tax loss of ≤ 40 Cr in Q1FY20) due to steep volume decline and negative operating leverage. Free cash flow for the quarter was $\leq (4.3)$ KCr, better than expected as the company drove the cost and cash savings agenda hard with ≤ 1020 Cr delivered in Q1FY21. The investment spends were reduced significantly to ≤ 492 Cr for the quarter. The company ended the first quarter with a strong liquidity of ≤ 6.9 KCr.

LOOKING AHEAD

We look forward to a gradual pickup in demand and supply situation on the back of overall economic recovery expected in H2FY21. The company will focus on conserving cash by rigorously managing cost and investment spends to protect liquidity. The company has called out a cash improvement program of ₹ 6000Cr including a cost improvement program of ₹ 1500Cr. Capex is expected to be around ₹ 1500Cr for FY21. Due to these actions, the company expects improving cash flows for the remainder of the year and expects to end the FY21 with positive free cash flows.

Guenter Butschek, CEO and MD, Tata Motors, said,

"The COVID-19 pandemic has deeply impacted the auto industry in Q1FY21. Post a calibrated restart at all plants in mid-May, we gradually scaled up our capacity while prudently safeguarding the health and wellbeing of our employees as well as the larger ecosystem. Even as we continue to address the challenges, we see some disruption due to the intermittent shutdowns and supply chain bottlenecks. We have witnessed some green shoots emerging in PV owing to some pent up demand pre COVID, and are hopeful for a full recovery of the CV industry by end of the fiscal year, with a gradual pickup of demand, aligned to the economic recovery. We remain focused on making Tata Motors more agile to improve our market, operational and financial performance by reducing costs, generating free cash flows and providing the best in class customer experience."

INDEPENDENT AUDITORS' REPORT (Continued) TATA MOTORS LIMITED

Emphasis of Matter

- a) The managerial remuneration paid to the CEO and Managing Director of the Company amounting to Rs.16.48 crores for the financial year ended 31 March 2020, as reported in the financial statements for the year ended 31 March 2020, exceeded the prescribed limits under Section 197 read with Schedule V to the Companies Act, 2013 by Rs.11.82 crores. This amount excluded Performance Bonus and Long Term Incentives aggregating Rs. 2.80 crores, which has been determined and approved by the Nomination and Remuneration Committee of the Company in its meeting held on 15 July 2020, and such amount also exceeds the prescribed limits. As per the provisions of the Companies Act, 2013 this excess remuneration aggregating Rs. 14.62 crores is subject to approval of the shareholders which the Company proposes to obtain in the forthcoming Annual General Meeting.
- b) We draw your attention to Note 8 to these financial results, which describes the Management's assessment of the impact of COVID -19 pandemic and the resultant lockdowns on the significant uncertainties involved in developing some of the estimates involved in preparation of the financial results including but not limited to its assessment of liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets, intangible assets under development and the net realisable values of other assets. Based on information available as of this date, Management believes that no further adjustments are required to the financial results. However, in view of the highly uncertain economic environment impacting the automotive industry, a definitive assessment of the impact is highly dependent upon circumstances as they evolve in future and the actual results may differ from those estimated as at the date of approval of these financial results.

Our opinion is not modified in respect of the above matters.

INDEPENDENT AUDITORS' REPORT (Continued) TATA MOTORS LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the joint operations of the Company to express an opinion on the standalone financial results. We are responsible for the direction, supervision and performance of the audit of financial information of such joint operation included in the standalone financial results of which we are the independent auditors. For the other joint operation included in the standalone annual financial results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We communicate with those charged with governance of the Company and such joint operation included in standalone financial results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITORS' REPORT (Continued) TATA MOTORS LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Results (continued)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

- a) The standalone financial results include the audited financial results of one joint operation, whose interim financial statements/financial results/ financial information reflect total revenue (before consolidation adjustments) of Rs. 686.52 crores and net profit after tax (before consolidation adjustments) of Rs. 88.43 crores for the quarter ended 30 June 2020, as considered in the standalone financial results, which have been audited by their independent auditor. The independent auditors' report on interim financial statements/ financial results/financial information of this joint operation has been furnished to us by the management and our opinion on the standalone financial results, in so far as it relates to the amounts and disclosures included in respect of this joint operation, is based solely on the report of such auditor. Our opinion on the standalone financial results is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.
- b) Attention is drawn to the fact that the figures for the 3 months ended 31 March 2020 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. Our opinion is not modified in respect of this matter.

Limited Review Report on Unaudited Quarterly Consolidated Financial Results of Tata Motors Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Board of Directors of Tata Motors Limited

- 1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Tata Motors Limited ("the Parent") and its subsidiaries (the Parent (including its joint operations) and its subsidiaries together referred to as 'the Group'), and its share of the net loss after tax (net) and total comprehensive loss (net) of its associates and joint ventures for the quarter ended 30 June 2020 ("the Statement"), being submitted by the Parent pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').
- 2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities mentioned in Annexure 1.

B S R & Co (a partnership firm with Registration No. BA61223) converted into B S R & Co. LLP (a Limited Liability, Partnership with LLP Registration No. AAB-8181) with effect from October 14, 2013 Registered Office: 5th Floor, Lodha Excelus Apollo Mills Compound N. M. Joshi Marg, Mahalaxmi Mumbai - 400 011. India

- 5. Attention is drawn to the fact that the figures for the 3 months ended 31 March 2020 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures upto the third quarter of the previous financial year. The figures upto the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.
- 6. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 9 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
- 7. The managerial remuneration paid to the CEO and Managing Director of the Parent amounting to Rs.16.48 crores for the financial year ended 31 March 2020, as reported in the financial statements for the year ended 31 March 2020, exceeded the prescribed limits under Section 197 read with Schedule V to the Companies Act, 2013 by Rs.11.82 crores. This amount excluded Performance Bonus and Long Term Incentives aggregating Rs. 2.80 crores, which has been determined and approved by the Nomination and Remuneration Committee of the Parent in its meeting held on 15 July 2020, and such amount also exceeds the prescribed limits. As per the provisions of the Companies Act, 2013 this excess remuneration aggregating Rs. 14.62 crores is subject to approval of the shareholders which the Parent proposes to obtain in the forthcoming Annual General Meeting. Our conclusion is not modified in respect of this matter.
- 8. We draw your attention to Note 6 to the Statement, which describes the Management's assessment of COVID-19 pandemic and the resultant lockdowns on the significant uncertainties involved in developing some of the estimates involved in preparation of the financial results including but not limited to its assessment of the Group's liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets, intangible assets under development, allowance for loan losses for the Group's vehicle financing business and the net realisable values of other assets. Based on information available as of this date, Management believes that no further adjustments are required to the financial results. However, in view of the highly uncertain economic environment impacting the global automotive industry, a definitive assessment of impact is highly dependent upon circumstances as they evolve in future and the actual results may differ from those estimated as at the date of approval of these financial results. Our conclusion is not modified in respect of this matter.

Of the 71 step-down subsidiaries listed above, the financial statements / financial information / financial results of two step-down subsidiaries which are located outside India have been prepared under the generally accepted accounting principles ('GAAPs') applicable in their respective countries and which have been reviewed by the respective auditors under generally accepted auditing standards applicable in their respective countries. The Parent's management has converted these financial statements / financial information / financial results from accounting principles generally accepted in their respective countries to Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013. We have reviewed these conversion adjustments made by the Parent's management. Our conclusion in so far as it relates to such subsidiaries located outside India is based on the reports of other auditors under the aforementioned GAAPs in respective countries and the aforesaid conversion adjustments prepared by the Parent's management and reviewed by us.

Notes:-

- 1) The above results were reviewed and recommended by the Audit Committee and approved by the Board of Directors at its meeting held on July 31, 2020.
- 2) During the year ended March 31, 2020, the Company has allotted Ordinary Shares and Convertible Warrants ('Warrants') on a Preferential basis to Tata Sons Pvt Ltd. Of the total amount of ₹6,494 crores, an amount of ₹3,892 crores has been received and is being utilized for repayment of debt, meeting future funding requirements and other general corporate purposes of the Company and its subsidiaries. The Company has utilised amount of ₹3,712 crores as at June 30, 2020.
- 3) The Company assessed the recoverable amount of Passenger vehicle business (TML Standalone), which represent a single cash-generating unit (CGU), as at March 31, 2020, as the higher of Fair Value Less Cost of Disposal ('FVLCD') and Value in Use ('VIU') of the relevant assets of the CGU due to change in market conditions. This has resulted in an impairment of ₹1,418.64 crores being recognized as exceptional charge for the quarter and year ended March 31, 2020.
- 4) During the quarter and year ended March 31, 2020, a provision has been recognized for certain supplier contracts, which have become onerous, as the Company estimates that it will procure lower quantities than committed and the costs will exceed the future economic benefit.
- 5) As a result of change in market conditions, the Company performed an impairment assessment for assets forming part of wholly owned subsidiaries Tata Motors European Technical Center PLC (TMETC) and Trilix S.r.I (Trilix). The recoverable amount of these assets were estimated to be lower than their carrying value and this resulted in an impairment charge of ₹297.49 crores and ₹55.71 crores in TMETC and Trilix, respectively during the quarter and year ended March 31, 2020.
- 6) The COVID-19 pandemic has been rapidly spreading throughout the world, including India and other countries where the Group has its operations. Governments around the world have been taking significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions in activities. Consequently, Group's manufacturing plants and offices had to be closed down for a considerable period of time, during the quarter ended June 30, 2020. As a result of the lockdown, the revenue for the quarter ended June 30, 2020 has been impacted. Continued lockdowns are likely to impact the Group operationally including on supply chain matters. The Company is monitoring the situation closely taking into account directives from the Governments. Further, the Reserve Bank of India (RBI) has announced moratorium on loan repayments for specific borrower segments which impacts Group's vehicle financing business in India. Management believes that it has taken into account all the possible impacts of known events arising from COVID-19 pandemic and the resultant lockdowns in the preparation of the financial statements including but not limited to its assessment of Group's liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets, intangible assets under development, allowance for losses for finance receivables and the net realisable values of other assets. However, given the effect of these lockdowns on the overall economic activity globally and in particular the countries where the Group operates and in particular on the global automotive industry, the impact assessment of COVID-19 on the abovementioned financial statement captions is subject to significant estimation uncertainties given its nature and duration and, accordingly, the actual impacts in future may be different from those estimated as at the date of approval of these financial results. The Company will continue to monitor any material changes to future economic conditions and consequential impact on
- 7) The tax expenses for the quarter ended June 30, 2020 is ₹2,200.49 crores. Deferred tax asset arising from the pension valuation, certain other temporary differences and losses have been written down since the Company has restricted recognition of net deferred tax asset based on its assessment of recoverability, resulting in a deferred tax charge of ₹2,074.38 crores in the statement of profit and loss account.
- 8) Employee benefits expense for the quarter ended June 30, 2020 is net of Government grants received by Jaguar Land Rover, a subsidiary company amounting to ₹ 1,168.27 crores (GBP 124 million).

- 10) Figures for the quarter ended March 31, 2020, represent the balancing figures between the audited figures in respect of full financial year and the published figures for the nine months ended December 31, 2019, which were subject to limited review.
- 11) The Statutory Auditors have carried out a limited review of the consolidated financial results for the quarter ended June 30, 2020.

करोना रुग्णांकडून अधिक पैसे घेतल्याने कारवाई

प्रसाद रावकर, लोकसत्ता

मुंबई : करोनाबाधित रुग्णांकडून घेण्यात आलेले अधिक पैसे आणि एका रुग्णाच्या मृत्यूप्रकरणानंतर पालिकेने माहीममधील एका रुरणालयाची सेंटिपी एक प्रश्चितासारी रण्याच्याचा नादणा एक माहन्यासाठा रद्द करण्याचे आदेश दिले आहेत. तसेच रुग्णालयात दाखल रुग्णांची ४८ तासांत अन्यत्र व्यवस्था करावी किंवा त्यांना घरी पाठवावे तसेच नव्या रुग्णांना प्रवेश देऊ नये असे अदेशही पालिकेने दिले आहेत.

माहीममधील क्रॉस रोड क्रमांक २ एम, एम, चोटानी मार्गावरील 'फॅमिली एन. एन. पाटाना नानावराज कानजा केअर' हॉस्पिटलमध्ये आतापर्यंत सुमारे एक ते दीड हजार करोनाबाधितांवर उपचार करण्यात आले आहेत. त्यात पालिका अधिकारी, कर्मचाऱ्यांचाही समावेश आहे. मात्र या रुग्णालयाने आपल्याकडून उपचारासाठी सरकारी दराऐवजी अधिक पैसे घेतल्याची द्रशर्वजा जावक पत्त चारपापा तक्रार करोनामुक्त झालेल्या काही व्यक्तींनी पालिकेच्या 'जी-उत्तर' विभागकडे केली होती.

काही दिवसांपूर्वी रुग्णालयात दाखल झालेल्या रुग्णाचा मृत्य झाला. त्याचा करोना अहवाल नकारात्मक आला होता. तरीही त्याच्यावर करोनाविषयक उपचार करण्यात येत होते. तसेच त्याला आवश्यक असलेले औषध आणण्यासाठी भलत्याच रुग्णाच्या नावाची चिठ्ठी देण्यात आली होती, असा आरोप रुग्णाच्या नातेवाईकांनी केला स्थानिक भाजप नेत्यांनी याप्रकरणी रुग्णालयावर हल्लाबोलही केला. रुग्णाचे नातेवाईक आणि भाजप कार्यकर्त्यांनी रुग्णालयाबाहेर केलेल्या आंदोलनाची चित्रफीत समाजमाध्यमांवर फिरत आहे. दरम्यान, याप्रकरणी पोलिसात गुन्हा

दाखल करण्यात येईल, असे भाजप

पैसे परत केल्याचा दावा

फॅमिली केअर हॉस्पिटलच्य म्हणण्यानुसार, करोनामुक्त झालेल्या रुग्णाकडून जास्त पैरे घेतल्याचे निदर्शनास्य आल्यानंतर हे पैसे परत करण्यात आले रुग्णालयात उपचाराद्रम्यान २५ जुलैला मृत्यू झालेल्या रुम्पाची प्रकृती खालावली होती. त्याचा करोनाचा चाचणी अहवाल नकारात्मक आला होता, परंत त्याला क्रेगेनाची लक्षणे होती. रामण चिन्नी ढेण्यात आली नव्हती रुग्णालयात बुधवारी गोंधळ झाला होता. त्यामुळे पालिकेशी संपर्क साधणे शक्य झाले नाही. तरी पालिकेने आमरो महणणे या रुग्णालयाने म्हटले आहे

राक्ता विणब्दर केल्यानंतर 'फॅमिटी केअर' ऋगालराला कारणे दाखवा नोटीस बजावली होती परंत रागालयाच्या वर्तगात सुधारणा झाली नाही. त्यामुळे महिन्यासाठी रह करण्यात आली
