- (iv) The Scheme would be in the best interests of the Applicant Companies and, their respective shareholders, employees, creditors and other stakeholders for the following reasons:
  - a. The distinctive profile and established business model of the Commercial Vehicles Business and Passenger Vehicles Business makes it suitable to be housed in separately listed entities, allowing

- sharper strategic focus in pursuit of their independent value creation trajectories;
- b. The Scheme would result in better and efficient control and management for the Commercial Vehicles Business and the Passenger Vehicles Business and would further empower the respective businesses to pursue their respective strategies to deliver growth with greater agility while reinforcing accountability;
  - c. The Scheme would unlock value for the overall business portfolio through price-discovery of the Applicant Company 1 and the Applicant Company 2 for existing shareholders and shall entail direct holding of marketable securities therein;
  - d. The Scheme would lead to the right operating architecture for both companies with sharper focus on their individual business strategies and clear capital allocation, in alignment with their respective value creation journey; and
  - e. Separately listed companies will attract specific set of investors for their business profile, and consequently, encourage focused capital market outcomes.
